phs memory®

# 8GB Computer memory DDR3 for HP Z400 UDIMM ECC

#### PHS-memory® - computer memory with 100% quality

- many years of IT competence
- Free support for optimal configuration and product selection
- High availability through professional warehouse management
- Fast delivery in throughout Europe
- Short response times and professional order processing due to full digitalization throughout the entire process with complete traceability
- Incoming goods inspection include checks of the DRAMs, PCBs and the programmed SPDs in order to exclude possible errors (Controlled BOM).
- PHS-memory® brand memories guarantee 100% compatibility to the specified system.
- PHS-memory® memories can be used together with existing memories in the device depends on to the configuration rules of the system.
- The "fallback option" in the SPD of PHS-memory® allows DRAMs with higher clock rates to be operated together with older memory modules with lower clock rates within the system.
- Products with unique serial number for service and warranty
- Pre-sales and after-sales support by technically trained personnel

## Memory Specification

-				
		9.5mm	17.3mm	30mm
	54.68mm	t		

Memory size	8GB			
Memory technology	DDR3			
ECC support	ja			
JEDEC Norm	PC3-10600E			
DRAM Organization	512Mx8			
Rank	2Rx8			
Туре	UDIMM ECC (ECC unbuffered)			
Number of pins	240 Pin DIMM			
Memory data transfer rate	1333MHz @ CL9			
Speciality	-			
Board dimensions	133,35 x 30 (LxB mm)			
Operating temperature	0° C - 85° C			
Storage temperature	-40° C - +95° C			
RoHS compliant	Yes			
SKU	SP122870			
EAN	4055069102017			

Note: The module specified in this datasheet is one of several possible configurations available under this part number.

Some details may differ from the specifications described here and the illustration, but have no negative influence on the functionality.

### System Specifications

The memory is 100% compatible with this sytem:

System manufacturer	HP
Device type	Workstation
Device family	Workstation
Device series	Z400 Serie
Device name	Z400
Maximum memory*	48GB
Number of memory sockets	6
Annotation	Die 6 Speichersteckplätze unterteilen sich in 3 Speicherkanäle à 2 Speichersteckplätzen. Für eine gute Performance sollte jeder Speicherkanal with mindestens einem Computer memory bestückt werden. Je nach vorhandener CPU wird der maximale Speichertakt vorgegeben: Xeon W3503 1066MHz Xeon W3505 1066MHz Xeon W3520 1066MHz Xeon W3540 1066MHz Xeon W3570 1333MHz

\* The specifications for the maximum memory upgrade may differ from those of the manufacturer HP. Often the information given in the manual for the maximum memory upgrade is not up to date. New memory technologies, bios updates or newer software versions often allow the use of memory modules with a higher capacity than specified by the manufacturer with the same performance and stability.

## Information on memory allocation

Es gibt zwei Versionen der HP Z400 workstation: HP Z400 with 4 Speicherslots: 4 x 8GB maximal 32GB RAM HP Z400 with 6 Speicherslots: 6 x 8GB maximal 48GB RAM

## Information on memory installation

- Turn off the system
- Remove the plug of the power supply unit (if connected)
- Remove the battery, according to the user manual of the system
- Always ground yourself before touching electronic components
- Protect the memory module from static voltages:
- Do not touch the gold pins of the memory module
- Only touch the sides of the memory module
- Use a grounding strap and/or ESD glove if possible

General installation instructions are supplied by E-Mail.

#### Further memory options for HP Z400

Size	SKU	Technology	Туре	Number of pins	Brand	Reference no.
4GB	SP122869	DDR3	UDIMM ECC (ECC unbuffered)	240 Pin DIMM	PHS-memory®	NL797AA
8GB	SP122870	DDR3	UDIMM ECC (ECC unbuffered)	240 Pin DIMM	PHS-memory®	

#### PHS-memory® warranty

Every PHS-memory® is equipped with a 5-years-warranty of perfect operation. If the RAM module is defective or fails within 5 years of purchase when used properly, you will receive an appropriate RAM module free of charge. If a suitable memory module is no longer available, we will refund the purchase price.
